Joelle and Cindy meet with Trudy Menke to talk about hiring her for our Staff In-Service day.

**Programs:**

**Teens** - There were 3 different programs for teens this month: Super Smash Tournament (14), the weekly D&D (average 6) and a Teen Halloween Party (13). We also had 9 attend the TAB monthly meeting. The Teen Halloween party was popular with 8 kids dressing up for the costume contest, snacks and crafts. Pictures were included.

**Kids** – We had 3 different programs for kids this month. Weekly Family Story Time (average 16), Pokémon (15) and Lego Club (23). Kelly and Amy had a scavenger hunt and creation station craft out for kids to participate all month long. Kids are enjoying the extra things to do when they come in.

Brian applied for a Wellness grant with the FOTL group for $10,000.

Garry Lange from Biggest Little Baseball Museum set up memorabilia display for the upcoming Will Horton program. It has drawn a lot of attention.

Conducted several interviews in October. Many people turned down the position because the starting wage is too low. Emily Bash accepted a position and started working on Oct. 31st.

Joelle and Cindy visited the St. Joseph Maud Library to ask some questions about processes and workflows. It was a great opportunity to develop some professional relationships. The staff was friendly and willing to help any way they can.

Many customers have commented on the glass removal around the circulation desks and happy that we are checking out at the youth desk now.

**Outreach** – Middle School (600)

**Projects:**
- I discussed with Brian and Kyle the idea of ordering our large print items from Center Point on a standing order basis and fill in the gaps from B&T as necessary.
- Brian has reached out to several assisted living facilities about offering doorstep delivery and providing monthly programming. He will follow up soon.
- We provided applications to all the students and staff at Lakeshore Middle School. Hollie and Amy returned with the completed cards and presented during their morning assembly of 600 students. They provided literature of what they can get with their library card and a snack for everyone. We received applications back from Stewart and Roosevelt Elementary and will get those cards back within the next couple weeks. A link has been provided on the website for educators to request classroom visits or library visits.
- Amy put out a Veteran’s Day display with blank cards to send to Veteran’s overseas. She received 40 cards to send to Support Our Troops organization.
- Amy provided a survey for homeschool groups to begin gathering ideas that will help us support that customer base. At the end of the month, youth staff will determine the best services or programs to produce the maximum attendance.
- We rolled out the TALK service. At this time only one person is signed up to receive the texts.
- Staff were moved from the back “youth” area into offices and desks in our back staff area. We continue to sort through and inventory the storage space back there.
- Youth staff changed the themes in the department to a wintery theme. The kids love the new items to interact with.
- We created a plan to move the Teen Graphic Novels away from the Children’s Graphic novels, and make the children’s DVDs more visible. We will also be doing some shuffling to remove all collections from carts an onto shelves.
- I have been working through some reports to try to clean up things before your TLC upgrade. Brian and Janet have been helping with a couple of those reports.

**Highlights:**
- Lots of staff shuffling around this month due to position changes. That put Jenna and Dana off desk a lot this month for training.
- Most of the circulation staff have been very good about covering open shifts and willing to switch their days to work. This has been helpful with coverage.
- I meet with several of the newer staff for their 60- & 90-day check ins. Everyone has been right on track with where they should be for the length of time they have worked here.
