SUPPORT THE LIBRARY

A goal of our recent library revitalization was to create a beautiful space for our visitors. Have you ever looked at our new fireplace and thought "They really need some beautiful artwork above it"? We think so too!

The Lincoln Township Library Foundation is thrilled to announce a new project working with glass artist Carolyn O'Hearn of Fusion Studio Glass and Josh Andres, metal artist. We envision a beautiful installation above the new fireplace that reflects the piece in our foyer, "Whirlwind of Knowledge," designed by Cindy Fielding of Fusion Studio Glass. Books will take wing from their places on shelves above the fireplace and fly into the heavens.

This rendering represents the vision and overall concept for a future donor recognition art display. *Final design, materials, and layout may vary. Each piece will be handmade and personalized with the donor's choice of text or graphic*. The color palette will reflect the library's branding.*

Whirlwind of Knowledge

Lincoln Township Library Foundation Webpage:

Patrons can help support this project through sponsoring the book covers, pages, or spines in the artwork. Each piece will be handmade and personalized with the donor's choice of text. The color palette will reflect the library's branding. You can choose from four different fonts and include an image on a cover or page (subject to the naming policy and approvals).

Special limited-edition ornaments featuring the LTPL logo and cushioned in a gift box will also be available for purchase, which would make a lovely holiday ornament or a beautiful piece to hang in your own library.

Visit **www.lincolntownshiplibrary.org/foundation** to learn more and download a pledge form.
